

03-04 February 2010

Fort Jackson Officer's Club

## *Army Family Action Plan Conference February 2010*

Fort Jackson will conduct a two-day Army Family Action Plan (AFAP) Conference in February to address quality of life issues within the military community.

**We Want You!**

If you would like to volunteer as a delegate or conference staff, please contact AFAP at 751-6315.

Training and childcare will be provided FREE to both delegates and staff but registration is required.

**Got Issues?!?**

Issues are also being collected for the 2010 AFAP Conference. Requested are issues affecting your constituent group (Soldiers, Family members, retirees/veterans, or civilian employees) which cannot be resolved at the installation level. Please submit the information online at [www.jackson.army.mil/WellBeing/Survey.htm](http://www.jackson.army.mil/WellBeing/Survey.htm) or submit a hardcopy form in one of the issue boxes which will be located throughout the installation the month of January. Whether it affects you here at Fort Jackson or throughout the Army, your input can make a difference!

**There are some things you just can't change...**

**For everything else, there's AFAP!**

Contact Veronica Jackson-Patrick, AFAP Program Manager,  
for more details or to register.
